IMPORTANT TIPS FOR DETOXING:

- Do your 3 Day Detox over a weekend or during a time that is not overly stressful – detoxing should be an “unwinding” time for body and soul.
- Avoid alcohol, cigarettes, caffeine and junk food during the 3 Day Detox.
- Make sure that you never go hungry. If you need to snack, opt for healthy foods.
- Drink plenty of water (aim for 8 glasses of water daily). Half of this water can be used in herbal tea.
- Keep a jug of water with mint leaves in the refrigerator and drink regularly throughout the day. Make sure that the herbal teas you drink are caffeine free (e.g. rooibos).
- Avoid strenuous exercise over this 3-day period. Rather do stretching exercises such as yoga.
- Pamper yourself. Get plenty of rest, listen to soothing music or watch your favourite DVD. A relaxing body massage would be beneficial.
- It is normal for headaches to occur during your detox while your body eliminates toxins.

Once your 3 Day Detox is complete, you can embark on a low-GI weight loss programme.
